Entry Form for the ADDITIONAL PRODUCE of a Mare whose pedigree is already entered in the Stud-Book

INSTRUCTIONS FOR COMPLETION OF PASSPORT FORM

Please read these instructions carefully before completing the attached foal registration form.

Please do not use any old forms you may have. These are no longer valid and any registrations which are submitted on the old forms, will be returned. Only original forms from the Office will be acceptable.

All foals must be passported by 31st December in the year of birth or by the time they are 6 months old, whichever is later.

Applications must now be with the office by November 30th

Applications for foals born later in the year must now be with the office by the time the foal is 5 months old.

Applications received after the deadlines will be accepted but will incur an additional fee and passports issued will be marked "DUPLICATE".

It is important that you write clearly and in capitals as the identification drawing will be scanned directly into the passport.

Please use a black pen. White markings must be drawn in red ink.

Normal "horse" colours may be used. "Dun" or "roan" alone should not be used – add a colour e.g. blue roan or cream dun.

You must complete sections 1(b), 2(a) & (b), 3(a) – (h) and the markings on the identification drawing.

If the pony has no markings (solid coloured) and has less than 3 whorls, then you must complete the Chestnuts section. In each corresponding box you need to outline each chestnut on the pony's legs.

Your vet must complete section 5 and stamp and sign the boxes above the identification drawing.
